Federal Emergency Management Agency

Washington, D.C. 20472

February 17, 2016

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

IN REPLY REFER TO:
115-CWG (NSFHA)

The Honorable Edward Brennan
Mayor, Borough of Merchantville
Merchantville Borough Hall
1 West Maple Avenue
Merchantville, New Jersey 08109

Community Name:	Borough of Merchantville Camden County, New Jersey
Community No.:	340569
Map Panels Affected:	See enclosed Listing of Communities Table

Dear Mayor Brennan:

The Department of Homeland Security's Federal Emergency Management Agency (FEMA) recently completed a revision to the countywide Flood Insurance Study (FIS) report and Flood Insurance Rate Map (FIRM) for Camden County, New Jersey. Although your community is unaffected by the updated flood hazard information presented in the FIS report and FIRM, your community does lie on one or more of the revised map panels. The revised map panel(s), will become effective as of August 17, 2016, and revise the FIRM which was in effect prior to that date. Final printed copies will be sent to you in the near future.

While FEMA has determined that no Special Flood Hazard Areas (areas inundated by a flood having a 1-percent chance of being equaled or exceeded in any given year, i.e., the base flood), exist at this time within the corporate limits of your community, it should be recognized that floods larger than the 1-percent annual chance flood do occur. Therefore, your community should exercise care in evaluating new development that could aggravate or create flood problems in your community or in adjacent communities.

By continuing its participation in the National Flood Insurance Program (NFIP), your community makes flood insurance coverage available to your citizens on a voluntary basis. While no new floodplain management measures are required as a result of the new maps for Camden County, your community is encouraged to implement regulatory measures to protect development from known, local hazards.

If your community is encountering difficulties in enacting the necessary floodplain management measures, we urge you to call the Director, Mitigation Division of FEMA in New York, New York, at (212) 680-3600 for assistance. If you have any questions concerning mapping issues in general, please call our FEMA Map Information eXchange (FMIX) toll-free at (877) 336-2627 (877-FEMA MAP). Additional information and resources your community may find helpful regarding the NFIP and floodplain management, such as *The National Flood Insurance Program Code of Federal Regulations, Answers to Questions About the National Flood Insurance Program, Frequently Asked Questions Regarding the Effects that Revised Flood Hazards have on Existing Structures, Use of Flood Insurance*

Study (FIS) Data as Available Data, and *National Flood Insurance Program Elevation Certificate and Instructions,* can be found on our website at https://www.fema.gov/letter-final-determination. Paper copies of these documents may also be obtained by calling our FMIX.

Sincerely,

Luis Rodriguez, P.E., Chief
Engineering Management Branch
Federal Insurance and Mitigation Administration

Enclosures:
Listing of Communities Table

cc: Community Map Repository
Mr. Todd Day, Borough Engineer, Borough of Merchantville
Mr. Robert Schaefer, Mitigation Civil Engineer, FEMA Region II
Mr. John H. Moyle, NFIP State Coordinator, New Jersey Department of Environmental Protection
Mr. Joseph Ruggeri, P.E, CFM, NFIP State Coordinator, New Jersey Department of Environmental Protection

The table that follows is provided for your community's use in determining the FIRM panels affecting your community. Note, when referencing the FIRM panels in your floodplain management ordinances, the complete FIRM panel number should be referenced. For example, the first FIRM panel for Camden County (Unincorporated Areas) will read 34007C0009F.
